

Copypcat Cava Crazy Feta

Ingredients

For the whipped feta:

- 1/4 cup olive oil
- 8 oz feta cheese (*crumbled for easier whipping*)

For the topping:

- 1 cup sweet onion (*finely diced for even cooking*)
- 2 tbsp olive oil (*I use extra virgin*)
- 1/3 cup jalapenos (*finely chopped, seeds removed*)

Step 1: Cook the Onions and Jalapeños

- **2 tbsp** olive oil
- **1 cup** finely diced sweet onion
- **1/3 cup** finely chopped fresh jalapenos, seeds and stems removed

Heat 2 tablespoons of olive oil in a small frying pan over medium heat.

Add the finely diced sweet onion and chopped jalapeños (with seeds and stems removed).

Cook the mixture, stirring often, for a few minutes until the pieces start to turn golden brown and reduce in size.

Step 2: Whip the Feta Cheese

- **8 oz** feta cheese
- **1/4 cup** olive oil

While the onion and jalapeño mixture is cooking, break up the feta cheese by hand and add it to a food processor or blender.

Pour in 1/4 cup of olive oil.

Blend the feta and oil together, stopping to stir or scrape down the sides as needed, until a smooth and creamy texture is achieved.

I find that giving the feta a good whip really makes the dip extra light and fluffy.

Step 3: Combine and Finish the Dip

- whipped feta from Step 2
- cooked onions and jalapeños from Step 1

Once the feta is smooth and the onion-jalapeneño mixture is cooked, transfer the whipped feta to a large bowl.

Add the cooked jalapeños and onions from Step 1.

Stir everything together until well combined.

If you prefer your dip spicier, you can stir in some of the reserved jalapeño seeds.

Serve immediately or store in an airtight container in the fridge.
