Strawberry Angel Food Cake Dessert

This Strawberry Angel Food Cake Dessert is light, fluffy, creamy, and layered with fresh strawberries, soft angel food cake, and silky vanilla filling. It's an easy no-bake dessert perfect for summer parties, potlucks, BBQs, holidays, and make-ahead entertaining.

PREP TIME

20 minutes

ADDITIONAL TIME

2 hours

TOTAL TIME

2 hours 20 minutes

Ingredients

- 1 prepared angel food cake, cut into medium cubes
- 4 cups fresh strawberries, sliced
- 1 container (8 ounces) whipped topping, thawed
- 1 package (3.4 ounces) instant vanilla pudding mix
- 1 1/2 cups cold milk
- 1 teaspoon vanilla extract

Optional

- extra whipped topping for serving
- fresh blueberries or mint for garnish

Instructions

1. Prepare the strawberries.

Wash and slice the strawberries into bite-sized pieces. Let them rest for about 10 minutes so the natural juices begin releasing slightly.

2. Make the cream filling.

In a large bowl, whisk together the instant vanilla pudding mix, cold milk, and vanilla extract until smooth and slightly thickened.

3. Fold in the whipped topping.

Gently fold the whipped topping into the pudding mixture until soft, creamy, and fluffy.

4. **Cube the angel food cake.**

Cut the angel food cake into medium-sized cubes, being careful not to compress the airy texture.

5. **Assemble the dessert.**

Add the cake cubes and sliced strawberries into the cream mixture. Fold gently until evenly coated and combined.

6. **Chill.**

Transfer the dessert into a serving bowl or trifle dish. Cover and refrigerate for at least 2 hours before serving.

7. **Serve.**

Top with additional whipped topping, strawberries, blueberries, or mint before serving if desired.

Notes

- Use ripe strawberries for the best flavor and natural sweetness.
- Fold gently to keep the angel food cake fluffy and airy.
- The dessert tastes even better after chilling overnight.
- If your strawberries release a lot of juice, drain a small amount before mixing.
- Store covered in the refrigerator for up to 3 days.
